MONTHLY PROGRESS REPORT

Name of Listed Issuer: **GOLD HUNTER RESOURCES INC.** (the "Issuer" or the "Company").

Trading Symbol: **HUNT**

Number of Outstanding Listed Securities: **289,605,894 (July 31, 2026)**

Date: **August 7, 2026 (for the month ended July 31, 2026)**

This Monthly Progress Report must be posted before the opening of trading on the fifth trading day of each month. This report is not intended to replace the Issuer's obligation to separately report material information forthwith upon the information becoming known to management or to post the forms required by Exchange Policies. If material information became known and was reported during the preceding month to which this report relates, this report should refer to the material information, the news release date and the posting date on Exchange website.

This report is intended to keep investors and the market informed of the Issuer's ongoing business and management activities that occurred during the preceding month. Do not discuss goals or future plans unless they have crystallized to the point that they are "material information" as defined in the Policies. The discussion in this report must be factual, balanced and non-promotional.

General Instructions

- (a) Prepare this Monthly Progress Report using the format set out below. The sequence of questions must not be altered, nor should questions be omitted or left unanswered. The answers to the items must be in narrative form. State when the answer to any item is negative or not applicable to the Issuer. The title to each item must precede the answer.
- (b) The term "Issuer" includes the Issuer and any of its subsidiaries.
- (c) Terms used and not defined in this form are defined or interpreted in Policy 1 - Interpretation and General Provisions.

Report on Business

1. Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive disclose this fact.

Gold Hunter Resources is a mineral exploration company focused on the Great Northern Project in Northwestern Newfoundland. This recently consolidated project offers exceptional exploration potential within a highly prospective yet underdeveloped district. With strategic partnerships firmly in place, Gold Hunter has secured a significant foothold in this resource-rich area.

The Company has published a National Instrument (NI) 43-101 Technical Report, which includes a Mineral Resource Estimate for the Thor Deposit. Additionally, the report highlights district-scale opportunities by providing updated information on the historical Mineral Resource Estimate at the Rattling Brook Gold Deposit.

Through a systematic, expert-led approach, Gold Hunter is committed to responsible exploration and sustainable development. With an experienced technical team and deep market insights, the Company is focused on delivering strong shareholder returns by unlocking the full potential of its assets through disciplined operational execution.

Following the successful divestiture of its first consolidated district to FireFly Metals Ltd., Gold Hunter has assembled the Great Northern Project, covering 40 kilometres of strike length across 26,237 hectares. Positioned along the Doucours Valley Fault Structure in one of Newfoundland's most prospective gold belts, the Company is advancing toward a maiden drill program targeting high-priority anomalies. Gold Hunter is committed to responsible exploration, meaningful stakeholder engagement, and delivering long-term value to shareholders.

2. Provide a general overview and discussion of the activities of management.

17. Discuss any trends which are likely to impact the Issuer including trends in the Issuer's market(s) or political/regulatory trends.

The Issuer has no history of earnings and there are no known commercial quantities of mineral reserves on the Issuer's property. The Issuer's property is currently in the exploration stage only. There is also no guarantee of the Issuer's title to its property. The Issuer's activities may require permits or licenses which may not be granted to the Issuer. The Issuer competes with other companies with greater financial resources and technical expertise. The Issuer is currently largely dependent on the performance of its directors and there is no assurance the Issuer can maintain their services. In recent years both metal prices and publicly traded securities prices have fluctuated widely.
