Tenet Releases Mobile App Version of Cubeler Business Hub for iOS and Android Devices

Toronto, Ontario--(Newsfile Corp. - November 3, 2026) - Tenet Fintech Group Inc. (CSE: PKK) (OTCQB: PKKFF) (FSE: P0T) ("**Tenet**" or the "**Company**"), an innovative analytics service provider, owner and operator of the Cubeler Business Hub, today announced that it has released a mobile app version of the Cubeler Business Hub for iOS devices on the App Store and for Android devices on Google Play.

In addition to offering the same functionality as the desktop version, the mobile app version of the Business Hub comes with a feature that links SMEs with their bookkeepers for communication and file exchanges on the go. For example, SME users of the mobile app can take pictures of receipts or other documents with their smart phones and use the app to send them to their bookkeepers where the files are received by the bookkeepers through Tenet's BKeeper platform (https://bkeeper.cubeler.com).

The Company is encouraging its current bookkeeper partners and their SMEs clients to use both applications and share their feedback with the Company to help ensure a positive user experience before the Company engages in a more involved marketing and awareness campaign to promote both the BKeeper platform and the Cubeler mobile app.
