Aether Global Announces Filing of Amended and Restated MD&A

VANCOUVER, BC – June 23, 2026 – Aether Global Innovations Corp. (CSE: AETH) (OTC: AETHF) (Frankfurt: 4XA) (WKN# A2N8RH) ("**Aether**" or the "**Company**"), a company focused on delivering mission-critical technologies across defense, government, and critical infrastructure environments, announces that it has filed an amended and restated management's discussion and analysis (the "**A&R MD&A**") for the interim period ended February 28, 2026 ("**Q1 2026**"), which amends and restates the management's discussion and analysis for Q1 2026 originally filed on April 29, 2026 (the "**Original MD&A**").

Reason for Amendment

The Company is filing the A&R MD&A at the request of the British Columbia Securities Commission to better reflect the state of the Company's current business.

The A&R MD&A includes the following principal changes:

- The "Business Overview and Overall Performance" section has been revised to better describe the Company's current business and strategic direction. The Original MD&A contained statements regarding drone design and development, automation and integration services, and drone base station technologies that did not accurately reflect the Company's current business activities. The A&R MD&A describes the Company's strategic pivot towards the security and defense sectors through a platform strategy of identifying, acquiring, and integrating proven market participants with existing revenue, intellectual property, and government relationships, and notes that the Company has begun executing on this by entering into distribution relationships with market participants in both the counter-drone sector and the surveillance drone sector.

- The description of the letter of intent with Arion Defense Inc. has been clarified to reflect that it is a non-binding letter of intent.

All other aspects of the Original MD&A remain unchanged.

The A&R MD&A is available under the Company's issuer profile on SEDAR+ at www.sedarplus.ca.

About Aether Global Innovations Corp.

Aether Global Innovations Corp. (AETH) is a company focused on delivering mission-critical technologies across defense, government, and critical infrastructure environments. Aether's platform strategy involves identifying, acquiring, and integrating proven market participants with existing revenue, intellectual property, and government relationships, with the goal of acting as a critical link to bridge fragmented innovation by providing market access and capital to scale these innovative solutions. Forward-Looking Statements

This news release contains “forward-looking statements” within the meaning of applicable Canadian securities legislation. Forward-looking statements relate to future events or future performance and reflect management’s expectations or beliefs regarding future events. In certain cases, forward-looking statements can be identified by the use of words such as “anticipate”, “plan”, “continue”, “estimate”, “intend”, “expect”, “may”, “will”, “project”, “predict”, “potential”, “targets”, “is designed to”, “strategy”, “should”, “believe”, “contemplate” and similar expressions, and the negative of such expressions. Forward-looking statements in this news release include, but are not limited to, statements with respect to the Company’s business and acquisition strategies, objectives and opportunities, and the Company’s strategic pivot towards the security and defense sectors. Forward-looking statements involve known and unknown risks, uncertainties, and other factors that may cause actual results or events to differ materially from those anticipated in such forward-looking statements. Forward-looking statements should not be read as guarantees of future events, future performance or results. Risks and uncertainties that may cause actual results to differ materially include: limited operating history; substantial capital requirements; the Company’s ability to obtain adequate financing; regulatory requirements; competition in the security and defense sectors; reliance on management and key personnel; and general economic conditions. Readers are cautioned not to place undue reliance on forward-looking statements, as actual results may differ materially from those expressed or implied by such statements. Except as required by applicable securities laws, the Company disclaims any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise.
