Galloper Gold Signs Strategic Partnership With Tier One Capital Corporation

VANCOUVER, British Columbia, July 9, 2026 - Galloper Gold Corp. (CSE: **BOOM**; OTC: **GGDCF**) (the “Company” or “Galloper”) is pleased to announce that it has signed a Strategic Partnership with Tier One Capital Corporation for heavy equipment supply for its flagship Glover Island Project.

Mr. Bryan Sparrow, VP of Exploration for Galloper Gold commented “Galloper has chosen to operate with Tier One Capital Corporation in Newfoundland to provide the project’s heavy equipment requirements. With a fleet of heavy equipment rentals available, Tier 1 Capital is able to help our project develop and the company maintains an on-call service team supported by its privately owned corporate helicopter for remote operations. This blends well with Galloper’s requirements to keep heavy equipment operational and have minimal downtime as the project advances. We believe Tier One offers a unique strategic operational support component for Galloper’s field program in 2026 and beyond which injects a significant amount of logistics capability. We are excited to share this development as we progress into our resource growth phase via our 2026 trenching and drilling program.”

The technical information contained herein has been reviewed and approved by Mr. Bryan Sparrow, P.Geo., Vice President of Exploration for Galloper Gold.

Forward-Looking Statements

This news release contains forward-looking statements within the meaning of applicable securities laws. The use of any of the words "anticipate", "plan", "continue", "expect", "estimate", "objective", "may", "will", "project", "should", "predict", "potential" and similar expressions are intended to identify forward-looking statements. Although the Company believes that the expectations and assumptions on which the forward-looking statements are based are reasonable, undue reliance should not be placed on the forward-looking statements because the Company cannot give any assurance that they will prove correct. Since forward-looking statements address future events and conditions, they involve inherent assumptions, risks and uncertainties. Actual results could differ materially from those currently anticipated due to a number of assumptions, factors and risks. These assumptions and risks include, but are not limited to, assumptions and risks associated with mineral exploration generally, risks related to capital markets, risks related to the state of financial markets or future metals prices and the other risks described in the Company's publicly filed disclosure.

Management has provided the above summary of risks and assumptions related to forward-looking statements in this news release in order to provide readers with a more comprehensive perspective on the Company's future operations. The Company's actual results, performance or achievement could differ materially from those expressed in, or implied by, these forward-looking statements and, accordingly, no assurance can be given that any of the events anticipated by the forward-looking statements will transpire or occur, or if any of them do so, what benefits the Company will derive from them. These forward-looking statements are made as of the date of this news release, and, other than as required by applicable securities laws, the Company disclaims any intent or obligation to update publicly any forward-looking statements, whether as a result of new information, future events or results or otherwise.
