

STANDARD STRATEGIES OBTAINS LOAN FACILITY

VANCOUVER, BC – October 6, 2026 – Standard Strategies Inc. (CSE: SBTC) (“**Standard**” or the “**Company**”) announces that it has obtained a loan facility from an arm’s length lender for up to CAD \$50,000.

Under and subject to the terms of the loan facility, the Company may draw advances in any amount from time to time until September 28, 2027, for the purpose of funding working capital requirements. Interest on any outstanding drawdowns will accrue at a fixed rate of 10% per annum. If default occurs, the lender may accelerate the maturity of the loan facility.

Under the loan facility, the lender has the right to convert all or any portion of the outstanding indebtedness owed to it into common shares of the Company at a conversion rate of one common share for every \$0.05 of the indebtedness owed by the Company at any time. Any common shares issued will be subject to a statutory hold period of four months.

The loan facility remains subject to, among other things, the Company receiving all necessary prior approvals, including the approval of the Canadian Securities Exchange.
