St-Georges Announces Up to $750,000 Revolving Credit Facility for EVSX

FOR IMMEDIATE RELEASE

Montréal, July 9, 2026 – St-Georges Eco-Mining Corp. (CSE: SX) (OTCQB: SXOOF) (FSE: 85G1) announces that its wholly owned subsidiary, EVSX Corp., has entered into a revolving loan agreement with an arm's-length lender, dated July 8, 2026.

Pursuant to the Agreement, the lender has established a revolving credit facility in favor of EVSX with a maximum principal amount of $750,000. The proceeds of the facility will be used for general working capital purposes and the repayment of certain existing indebtedness of EVSX.

The initial advance under the facility is $150,000. Thereafter, additional advances of up to $150,000 each will become available upon EVSX achieving specified cumulative revenue milestones, until the maximum facility amount has been made available.

In connection with the Agreement, the Company has provided a parent guarantee in favor of the lender with respect to EVSX's obligations under the facility. The guarantee includes customary creditor protections for the Company, including a requirement that the lender first exhaust all available remedies against EVSX and realize upon all security granted by EVSX before seeking recovery from the Company under the guarantee.

The facility is secured by a security interest over all present and after-acquired property and assets of EVSX, subject to any prior-ranking security interests and other permitted encumbrances.

ON BEHALF OF THE BOARD OF DIRECTORS

‘Neha Tally’

NEHA TALLY
Corporate Secretary
