Prismo Metals Announces Listing of Blade Resources on the CSE

Prismo Metals Owns 6,755,000 Shares of Blade Resources

Vancouver, British Columbia, September 11th, 2026 – Prismo Metals Inc. ("**Prismo**" or the "**Company**") (CSE: PRIZ) (OTC: PMOMF) is pleased to announce that Blade Resources Inc. ("**Blade Resources**") has received final approval from the Canadian Securities Exchange ("CSE") to list its common shares (the "**Blade Shares**") on the CSE (the "**Listing**"). In support of the Listing, Blade Resources prepared a listing statement, a copy of which is available on SEDAR+ under the Blade Resources issuer profile at www.sedarplus.ca. The Blade Shares are expected to commence trading on the CSE at market open on or about September 14, 2026, under the symbol "AZCU" and the CUSIP/ISIN: 092660109 / CA0926601091. Prismo Metals owns 6,755,000 Blade Shares.

The Blade Shares owned by Prismo were acquired in February 2026 as part of a transaction (the "**Transaction**") in which Prismo assigned all of its rights, interests and obligations in the Hot Breccia copper project, located in the heart of the Arizona copper belt to Blade Resources. As a result of the Transaction, Prismo holds approximately 24% of Blade's issued and outstanding shares and is Blade's largest single shareholder (see additional early warning filed on www.sedarplus.ca)

Alain Lambert, CEO of Prismo, commented: "In our opinion, the Silver King and Hot Breccia projects are some of the most compelling copper exploration opportunities in North America. With the listing of Blade Resources, our shareholders are now exposed to the upside of two significant copper exploration plays in Arizona." He added: "We optioned Hot Breccia in January 2023 and advanced the project to a fully permitted, drill ready stage. The principals and financial backers of Blade have a long history and strong track record in raising significant capital for exploration programs of the scale required at Hot Breccia. We look forward to Hot Breccia being drilled before the end of this year."

Additional Prismo Rights under the Transaction

Under the terms of the Transaction:

- Prismo has the right to nominate one representative to Blade's board of directors. The Company has not yet determined its initial nominee.
- Blade has granted Prismo participation rights in future equity offerings, allowing Prismo to subscribe for shares on substantially the same terms as other investors in order to maintain its undiluted ownership percentage in Blade.

About the Hot Breccia Project

The Hot Breccia project lies at the heart of the Arizona Copper Belt, which hosts several globally significant porphyry copper deposits. Examples of these significant deposits are Freeport McMoRan's Miami-Inspiration mining complex, BHP's San Manuel mine, Rio Tinto and BHP's Resolution deposit and others (see Figure 1).

Further Update

The Company has also granted two consultants of the Company an aggregate of 350,000 stock options exercisable at a price of $0.06 having a three-year term. The options will vest 25% on the date of grant, 37.5% after three months and 37.5% after six months.

Prismo also announces that it intends to proceed with the two previously announced two debt settlement agreements (the "**Settlement Agreements**") with two creditors of the Company directly involved in the Silver King drill campaign (the "**Creditors**") pursuant to which the Company agreed to issue to the Creditors, and the Creditors agreed to accept, an aggregate of 1,555,475 shares of the Company at a deemed issue price of $0.06 per share (each, a "S**hare**") in full and final settlement of a portion of their service fees in the aggregate amount of CA $93,328.49 (the "**Debt Settlement**"). The Company has also entered into two additional Settlement Agreements pursuant to which the Company agreed to issue to the Creditors, and the Creditors agreed to accept, an aggregate of 1,250,000 shares of the Company at a deemed issue price of $0.05 per Share in full and final settlement of the aggregate amount of CA $62,500. As part of these additional Settlement Agreements, the Company will also issue 375,000 warrants that will entitle the holder to purchase one Share for a period of twenty-four (24) months from the date of issue at an exercise price of $0.10.

All securities issued pursuant to the Debt Settlement will be subject to a statutory hold period of four months from the date of issuance, in accordance with applicable policies of the Canadian Securities Exchange.

About Prismo Metals Inc.

Prismo (CSE: PRIZ, OTC: PMOMF) is a mining exploration company focused on advancing its Silver King and Ripsey Gold projects in Arizona and its Palos Verdes silver project in Mexico.

About Blade Resources Inc.

Blade Resources Inc. is a Canadian exploration company focused on the development of the Hot Breccia project, an emerging copper-gold porphyry located near Hayden Arizona, USA. Hot Breccia's 227 unpatented mining claims lay in the heart of the Arizona porphyry copper province, within sight of the Hayden Copper Smelter (Asarco) and Freeport's Christmas Mine. Historic exploration on the property conducted by Bear Creek Mining (then a Kennecott subsidiary), in a venture with Conoco Inc., from 1972 through 1981 discovered substantial porphyry copper skarn mineralization in multiple drill holes and confirmed the presence of a large, mineralized Laramide age porphyry; with the grade and tonnage yet to be determined.
