West Mining Corp. Announces Adoption of Semi-Annual Reporting

Vancouver, BC – August 4, 2026 – West Mining Corp. (“**West**” or the “**Company**”) (**CSE: WEST) (OTC: WESMF) (FRA: 1HL)** is pleased to announce that it has elected to rely on Coordinated Blanket Order 51-933 *Exemptions to Permit Semi-Annual Reporting for Certain Venture Issuers* ("**CBO 51-933**") and has adopted semi-annual financial reporting ("**SAR**"), effective immediately.

CBO 51-933 allows eligible venture issuers to voluntarily move from a quarterly to a semi-annual financial reporting framework. The Company’s fiscal year ends on October 31. Under the provisions of CBO 51-933, the Company will be exempt from the requirements to file Q1 and Q3 financial statements and associated management's discussion and analysis ("**MD&A**") for so long as it continues to meet eligibility criteria under CBO 51-933. Accordingly, the Company will not be filing interim financial statements for the three and nine months ended July 31, 2026, or associated MD&A. The Company will also not be required to file any interim financial statements or associated MD&A for any subsequent quarters ended January 31 and July 31 in each fiscal year. The Company will continue to file audited annual financial statements (due within 120 days of October 31 each year) and six-month interim financial reports (due within 60 days of April 30 each year).

The Company confirms it meets the SAR pilot program's eligibility criteria, which include being a venture issuer with annual revenues of less than $10 million as shown on its most recently filed audited annual financial statements, having been a reporting issuer in at least one jurisdiction of Canada for 12 months or more, and having filed all required periodic and timely disclosure documents under applicable Canadian securities legislation.

This news release is being filed pursuant to CBO 51-933.
