Blueberries Medical Announces
C$1.1 Million Non-Brokered Private Placement

Toronto, Ontario (July 29, 2026) – Blueberries Medical Corp. (CSE: BBM) (OTC: BBRRF) (FRA: 1OA) (the "**Company**" or "**Blueberries**"), a consumer science company focused on health, wellness and longevity, and a licensed producer of both psychoactive and non-psychoactive cannabis derivatives in Colombia, is pleased to announce a non-brokered private placement consisting of the sale of 84,615,385 common shares ("**Common Shares**") at a price of C$0.013 per Common Share for aggregate gross proceeds of approximately C$1.1 million (or approximately US$781,000) (the "**Offering**"). The net proceeds from the sale of the Common Shares are expected to fund and expand operations, for general corporate and working capital purposes. The Offering is expected to close on or about August 26, 2026.

It is expected that the Offering will be led by Terraflos Inc. ("**Terraflo**s"), an economic group focused on investing in and scaling businesses within the wellness and longevity sectors, leveraging its strategic footprint and industry expertise across Latin America, and is controlled by Facundo Garreton, the Chairman, Chief Executive Officer and a director of Blueberries. Participation by Terraflos. The Company will be exempt from the requirements to obtain a formal valuation or minority shareholder approval in connection with the participation of the Insiders in the Offering in reliance of sections 5.5(b) and 5.7(1)(b) of MI 61-101. A material change report will be filed in connection with the participation by the Insiders in the Offering less than 21 days in advance of the closing of the Offering, which the Company deemed reasonable in the circumstances so as to be able to avail itself of potential financing opportunities and complete the Offering in an expeditious manner.

No finder's fees, commissions, Agent's Options, or other compensation are payable, in cash or securities, in connection with the Private Placement.

About Blueberries Medical Corp.

Blueberries is a consumer science company focused on health, wellness and longevity. The Company is a licensed producer of both psychoactive and non-psychoactive cannabis derivatives in Colombia. As a key operating entity within Terraflos Inc. ("Terraflos"), a Latin America-based consumer science company that integrates science, biotechnology, and AI-driven design—Blueberries contributes to the development of effective, sustainable wellness solutions derived from natural plant compounds.

The Company specializes in the scalable production and extraction of high-value bioactives from a diverse array of Latin American botanicals. With strategically located operations and a multidisciplinary team of Life Sciences experts, Blueberries plays a critical role in the formulation of standardized, pharmaceutical-grade ingredients used in functional foods, dietary supplements, and skincare products. Originating in cannabinoid research, the Company has since expanded its capabilities to include a broad portfolio of plant-derived compounds, using

both traditional cultivation and advanced extraction technologies.

As an integral part of Terraflos' fully integrated ecosystem, Blueberries supports the transformation of natural bioactives into science-based wellness products. The Company emphasizes sustainable sourcing, maintains rigorous production standards, and enables the global distribution of innovative botanical solutions.
